## SUMMARY

---

Recent IT graduate with hands-on full-stack development experience. Skilled in building responsive web applications using React and Node.js, with a proven track record of delivering internal tools that streamline HR workflows.

## EDUCATION

---

### SRIPATUM UNIVERSITY

Bachelor of Science in Information and Communication Technology  
GPA: 3.55

Bangkok, Thailand  
Sep 2023 - May 2026

## WORK EXPERIENCE

---

### TQM Insurance Broker

Full Stack Developer Intern

Bangkok, Thailand  
Jan 2026 - Apr 2026

- Developed a full-stack Applicant Management System using React, Express.js, and Node.js, effectively solving inefficiencies in the HR hiring workflow by replacing manual Excel tracking.
- Built the frontend for an intern Timesheet system, implementing conditional logic to gate task inputs behind clock-in status, and seamlessly integrated it with Express.js APIs and PostgreSQL.
- Designed relational database schemas using Microsoft SQL Server, executed queries via DBeaver, and collaborated closely with senior mentors using GitLab and SourceTree for version control.

## PERSONAL PROJECTS

---

### DevNotes

Jul 2026 - Aug 2026

- Developed a modern note-taking web application using React (Vite), Redux Toolkit, Node.js (Express), and Supabase (PostgreSQL), featuring isolated notebooks with full Markdown syntax highlighting and an interactive Flashcard mode.

### Concert Ticket Booking Website

Aug 2025 - Nov 2025

- Developed an interactive ticketing platform using Python (Django), SQLite, and JavaScript, featuring real-time zone selection and dynamic booking summaries.

### Movie Ticket Booking Website

Jan 2025 - May 2025

- Built a scalable booking flow using Python (Flask) and JavaScript to handle date, cinema, and showtime selections with dynamic price calculations.

## SKILLS

---

- Frontend: React, HTML, CSS, JavaScript, Bootstrap
- Backend & API: Express.js (Node.js), RESTful API
- Databases: Microsoft SQL Server, PostgreSQL
- Tools: GitHub, GitLab, SourceTree, Postman, DBeaver, Figma
